TWO MINERS ENTOMBED AT GREENHILL MINE

As a result of a fell of rock and coal in Room 118½ of No. 3 level of Greenhill mine on Monday, at between 11 o'clock and noon, two miners, Frank Bombardier and Frank Cizek were entombed.

Rescue parties were organized and worked incessantly for upwards of twenty-four hours before reaching the scene where the unfortunate men were trapped. Bombardier was found alive, with both legs and arms pinned, while it was some time afterwards when his partner Cizek was discovered.

Medical and first aid were on hand to administer to Bombardier, while the search for Cizek continued. Bombardier was later brought to the surface and a couple of hours afterwards was landed from a conveyance at the Miners' hospital, where he is fast recovering.

The body of Cizek was recovered from beneath the debris about 2 o'clock on Tuesday afternoon, giving evidence that his life had been extinct for a considerable time. The body was taken to the Crows' Nest Pass Undertaking Parlors at Blairmore and later to the home at Frank. L'Emert takes place at Blairmore this afternoon.

Cizek was a well known and popular young man, and leaves a young wife and two small children. He was but twenty-seven years of age.

A coroner's inquest is to be held, the jury having been impaneled yesterday. After viewing the remains, adjournment was made to Wednesday of next week.

A statement has been made by Bombardier that Cizek was alive for several hours after the cave-in occurred and that the two had talked frequently during that time. Both men were bound helpless between rock and timbers. The timbers on which Cizek was found had evidently formed a bridge and kept a larger amount of the rock and coal from falling on top of Bombardier, who was pinned immediately underneath. Both men were found near the rib-side of the working place, and this fact, together with the bridge formed above Bombardier, evidently saved the latter's life.

COUNCIL IS RE-FORMED

The reorganization of the Blairmore Town Council took place on Monday night, Mayor Farmer and Councillors Sartoris, Peressini, Beebe and Kubik being present, Councillors McVey and Morgan being unavoidably absent.

At the opening of the meeting, Capt. W. A. Beebe and R. Peressini took oath of office as councillors and were duly sworn in. Councillor Peressini briefly addressed the council, pledging himself to do his utmost at all times to serve the municipality faithfully and well.

The draft of committees as submitted by the mayor was adopted as follows:

Finance—Morgan, Kubik and Peressini.
Works—Beebe, McVey and Sartoris.

Water—McVey, Beebe and Kubik.
Light—Kubik, Morgan and Peressini.

Health and Relief—Sartoris, McVey and Beebe.

Police—Peressini, Morgan and Sartoris.

The first named in each case is chairman of committee.

The minutes of regular meeting of February the 3rd were adopted as read, and a number of accounts were passed for payment, subject to ok by committees.

Council unanimously voted a grant of \$250 towards the Institute public library. The motion carried a stipulation that future grants as required be made semi-annually.

A report on the work and progress

DEATH OF ENRICO

JOSEPH POZZI

The death occurred at the family residence, Dearborn Street, at 5:20 this morning, of Enrico Joseph Pozzi, at the age of fifty years and six months.

Mr. Pozzi had been ill for a considerable time and the end was not unexpected. He was one of the earliest settlers of Blairmore, practically all of his family being born and raised in The Pass. For the past eighteen years or more he has followed occupation as a building contractor and some of the finest buildings in the town stand as monuments to his building ability.

Surviving are his wife, two sons, Louis and Joseph; and two daughters, Bevenuta and Anna. Miss Bevenuta is a member of the Blairmore-teaching staff. He is also survived by one brother, Rinaldo, living in Blairmore, and other relatives in Italy.

Funeral will take place on Sunday at 2 p.m., the remains to be laid to rest following service to be held in St. Anne's church.

HOCKEY POSTPONED

Owing to the extremely mild weather of the past week, the final play-off for the Crows' Nest League championship, scheduled for last night at the local arena, had to be postponed till ice will permit.

The game at Lethbridge on Saturday night ended a one-one tie, and Lethbridge players and fans are keen on the result of the final game here.

Tags purchased on Saturday for the game scheduled for last night, will be good when the game is played, and if weather holds as it is now, it is hoped to be able to stage the game on Saturday night of this week at 9 o'clock.

W. H. CHAPPELL RE-ELECTED CHAIRMAN SCHOOL TRUSTEES

A meeting of the Blairmore Board of School Trustees was held at the office of the secretary-treasurer last night, when Capt. W. A. Beebe and R. W. H. Pinkney, re-elected trustees, were duly sworn into office.

The matter of election of chairman resulted in the re-election of W. H. Chappell, which carried with it the unanimous vote of appreciation of Mr. Chappell's work during the past year and hope for a continuance of his best efforts towards the proper administration of the district's affairs.

A. J. Kelly was re-appointed secretary-treasurer, with Com. J. W. Duncan as trustee officer.

Meetings of the board will be held as formerly on the last Friday evening of each month, commencing at 8 o'clock.

The funeral of the late Frank Cizek, held this afternoon, was one of the largest ever seen in this district. Besides some 300 men and hundreds of women and children on foot, there were thirty-four cars in the procession, headed by the Frank Bohemian band.

of the library was submitted by Rev. J. W. Smith, and it was clearly seen that the library was filling a long felt want and was here to stay.

Upon motion, Councillor Beebe was elected deputy mayor for the ensuing three months, to be succeeded for the next three months by Councillor Morgan, the next three by Councillor Sartoris, and the closing three months of the year by Councillor Kubik.

It was decided that regular meetings be held as formerly on the first and third Monday of each month.

A by-law appointing officials received three readings and was finally passed, appointing William Duncan as chief of police, A. J. Kelly as secretary-treasurer and assessor, and E. D. Battram as auditor.

CHAPTER II.—Continue

"Here comes Lizzie Baker," she commented. "I wonder does she ever step outside without an apron. She's coming here. Like as not she wants to borrow something. The borrowing Baker is what Father Davis always called them. Good morning, Lizzie," as a portly woman stepped into the hall. "Were you wanting something?"

"Just a pinch o' sody." From beneath her starched white apron Lizzie Baker produced a small tin cup. "I got all set to mix my biscuits," she continued, "and found there wasn't a mite o'sody in the house."

Handing her cup to Charnian, she sank down breathless in a convenient, low, round, upholstered rocker. Miss Lizzie was always a very breathless. "Jim Bennett's went away and got a new dress," she announced breathlessly. "He'll be back in a week."

"She lowered her voice," Charnian said, "and she had started toward the kitchen, came back to say, a glint of fun hiding in her eyes: 'And a new dress, Miss Lizzie?'"

"Dear me, suz!" exclaimed the Wills. "You thought you'd gone. Well, it was just a little thing, a girl's little patch on you for looks, if her clothes did come all the way from Boston to get that hat now—(Sarah Bennett was bragging that it came clear from China—

"But it's becoming," defended Charmán. "You can't deny it."

"Maybe 'tis. I ain't no special judge o' that; but don't you think he mouth's a mite too small to be really comfortable? As James Bennett used

"Dear me!" said Charm'an, rubbing a thoughtful finger down the bridge of his nose. "I do say it."

When she returned the two women ceased talking so abruptly that the girl felt sure she was the subject of their conversation. Miss Lizz'e drew a deep breath, and proceeded to extricate her portly frame from the depths

"Well, I'm obliged," she said, reaching for the soda. "I don't know what I'd do without my neighbors. Some like livin' on a back road that ain't dusty; but I say, g'ive me dust—around neighbors every time. I can't keep a house without 'em."

"And she couldn't," agreed Grandma, when Miss Lizzie had closed the door.

door behind her. "She's got no memory. None of the Bakers were extra strong in the upper story, as Father used to say; but she's a good soul and means well, which is almost better."

"Does she consider that I am bearing up cheerfully under my disappointment?" asked Charmian with a smile.

ma, "but she's terribly mad at Sara Bennett though they've been friends since they were girls. The air that Sarah put on last night when Jim came to the social with that girl were almost unbearable—according to Lizzie. She said that when she saw you sitting beside the minister's wife just like a settled down old maid, her blood boiled in her veins."

FERNIE APPEALS TO
GOVERNMENT FOR RELIEF

In the interests of some three hundred miners about to be thrown out of employment, the Fernie city council last week forwarded the following message to the honorable minister of public works and the district member, Thomas Uphill, at Victoria.

"Council is informed that about three hundred men have been laid off at mines. Most of men have been in short time during past year and are in urgent need of assistance. Conditions created may continue for some time and as this is the middle of winter, situation is acute, as there is no relief in sight. Council requests government to arrange a more liberal program of road construction than in former years, to commence at once so as to provide work, but if unable to commence work at once to investigate situation and provide immediate relief.

"Following work is suggested: Widening road to Crows' Nest, which cannot be continued after tourist traffic begins; road between Fernie and Coal Creek is too narrow in places for two cars to pass and cribbing supporting this road at Coal Creek above French Camp is in immediate danger of collapse; operating rock crusher. If action can be taken as requested, kindly state when you begin and how many men could be employed. Men anxiously awaiting reply."

O.E.S. HOLD TEA AND SALE

The novelty valentine tea and sale held in the Masonic hall, Blairmore on Saturday the 15th, by the member of Viny Chapter, Order of the East Star, was well patronized. The tea tables in charge of Mesdames A. Campbell, T. Campbell and D. Macpherson were prettily decorated with gay red hearts and cupids, and center decorations were carried out on the tables of sewing and novelties, in charge of Mrs. E. Donkin and Mrs. D. Rees, where many pretty articles

NEARLY FIFTY PER
CENT. INCREASE IN SUN
LIFE BUSINESS

It is only four years since, for the first time in the history of life assurance in Canada, a Canadian company was able to announce over a billion dollars of assurance in force. The event was properly celebrated by the Company in question, Sun Life Assurance Company of Canada, and evoked much gratified comment from public men, financiers and journalists, as well as creating general satisfaction among the Canadian public. It was regarded as a signal achievement in a little more than fifty years of that Company history.

President Macaulay upon that occasion expressed confidence that the momentum then acquired would carry

close to two and a half billion, or \$2,401,000,000. Some idea of the magnitude of these figures may be gleaned from the fact that they exceed the total net national debt of the Dominion by more than \$100,000,000.

The new paid-for business for the year shows an increase of \$213,200,000, or 48% of an increase over the preceding year. This increase is greater than the total business written in 1925. The actual new paid-for business was \$654,450,000. This is an amazing showing considering the conditions that prevailed during the latter part of 1929, and reveals what a wide and efficient organization has been created by the Sun Life Company, and how thoroughly it enjoys public confidence.

The income of the Company, \$172,350,000 (an increase of over \$28,

T. B. MACAULAY
President, Sun Life of Canada

the Company to even more surprising achievements in the next decade. But it is doubtful if even the President of the Company, himself, who personifies confidence and optimism, could have foreseen that the second billion could be surpassed within four years.

What this is what has happened. The annual report of the Sun Life Company published today shows that the total assurances now in force are

ARTHUR B. WOOD
Vice-President, Sun Life of Canada

600,000 over 1928), is \$15,000,000 more than the entire customs revenue of the Dominion in 1928.

The assets of the Company were increased by nearly \$80,000,000. They now stand at \$563,000,000.

The undivided surplus has been increased by \$5,565,000, bringing the total over liabilities, contingency accounts and capital stock to more than \$60,000,000.

In connection with the item of \$69,174,292 paid to policyholders and beneficiaries for death claims, matured endowments, profits, etc., it is interesting to note that not only have payments under this head since organization reached the sum of \$419,674,000, but that this amount, together with the amount at present held for the security or benefit of policyholders exceeds the total amount received from them in premiums by \$139,250,000.

Even more impressive is the statement that the rate of interest earned on the mean invested assets has risen to 7.02%. This figure includes a certain amount from bonuses and stock privileges accruing on some of the Company's holdings, but if these were entirely eliminated the rate would still be 6.60%.

Such a remarkably successful year by our leading life assurance company favorably reflects the sound conditions in general Canadian business.

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor
Serve the church that the church may serve you.

Services Sunday, February 23. The Pastor in charge—

11 a.m.—SENIOR SCHOOL, for Young People over 12.

2 p.m.—JUNIOR SCHOOL, for Children under 12.

7:30 p.m.—PUBLIC WORSHIP.

Subject: "The Fourth Commandment." This is the fourth sermon in the series "The Ten Commandments in 1930." This subject will involve a discussion of such questions as "What meaning has the Hebrew Sabbath of Christians?" "Why keep Sunday instead of Saturday?" "Is it true that Sunday is a carry over from an ancient heathen festival?" What about the effect of sport, business and industry on the future use of the Sunday?

HILLCREST UNITED CHURCH

COWLEY HAPPENINGS

J. R. Lane, of Mayo's district, died on Sunday at Lundbreck, after a short illness. Mr. Lane was an old timer, having lived in the district around twenty-eight years.

The monthly meeting of the Cowley Women's Institute will be held at the home of Mrs. Morrison on Thursday, February 27, at 8 p.m.

The funeral of another old timer, in the person of Mrs. J. S. Hewitt, of North Fork, who passed to the Great Beyond on Thursday, was held on Sunday from her home to the Livingston cemetery, where interment took place. Rev. Mr. Jeffcott, of Pincher Creek, performed the last sad rites. Floral tributes were many and beautiful. Besides a devoted husband, she leaves to mourn her loss, five sons, John, of Lethbridge; Robert, of Pincher Creek; Edward, of Michel; Fred, of High River, and Wilfred at home; and one daughter, Agnes (Mrs. H. A. Garrison), of Montana. Mrs. Hewitt was sixty-eight years of age and had been in ill health for years. Many friends join in deepest sympathy for the bereaved ones.

A basketry course was held in the Masonic hall from the 12th to the 16th of this month, under the auspices of the Cowley Women's Institute. Miss Knox, from the Home Bureau Service, Department of Agriculture, was the very capable demonstrator. There were thirteen ladies who took advantage of the course, when a keen interest was manifested from start to finish. Thirty-four baskets, trays, etc., were made. At the close of this work, it was unanimously voted to have the second year course of this work demonstrated here next year.

PROVINCIAL HOCKEY CHAMPS.

TO BE KNOWN MARCH 8th

Alberta's representative for the Allan cup play-downs will be known by March 8th, according to the senior provincial draw arranged by George Lynch, secretary-treasurer of the Alberta Amateur Hockey Association.

In the first round of the play-offs, winner of the South Alberta League plays Banff and Blairmore or Lethbridge gets the bye. In the second round, the north winners draw for a bye. Winners of Banff-Southern League series play on February 27th and March 1st, the second game being scheduled at Blairmore or Lethbridge. In the third round, winners of north play winners of south on Monday and Wednesday, March 3rd and 5th.

Owing to the short space of time clubs in finals will play home and home games, total goals to count. Winners of senior and intermediate sections clash on Thursday, March 6 and Saturday, March 8 for the right to represent Alberta in the Allan Cup playdowns.

Draws in the senior as well as the intermediate sections are being handled by A. B. King, of Okotoks, past president of the association.

The junior play-off must be completed by March 5. In the first round, to be completed by February 22, Bellevue plays High River, while Calgary and Edmonton draw byes. In the second round, to be completed by February 26, Bellevue or High River plays Calgary and Edmonton gets bye. In the third round to be completed by March 5, Edmonton plays either Bellevue, High River or Calgary in the final, best two out of three games. In the first and second rounds, there will be home and home games, total goals to count. Canadians will represent Calgary in this series, while the Poolers will represent Edmonton.

In the juvenile play-off, the first round to be completed by February 22, Blairmore plays Calgary; Lacombe plays Red Deer and Edmonton plays Vermillion.

In the second round to be completed by March 1, Blairmore or Calgary get bye and winner of Lacombe-Red Deer plays winner of Edmonton-Vermillion. Calgary or Blairmore plays Lacombe, Red Deer, Edmonton or Vermillion in the final.

Third Great West Canadian FOLK DANCE FOLK SONG AND HANDICRAFTS Festival at CALGARY MARCH 19-22

Four days of lovely music and color, illustrating the Arts, Crafts and Song of the peoples of the prairie provinces—British, French-Canadian and European, with an American flavor of Cowboy songs.

Singers, Instrumentalists, Folkdancers from racial groups in the picturesque costumes of their country of origin.

Visiting Artists, including Isabelle Burnada, Selma Johansen de Coster (The Swedish Nightingale) and Charles Marchand, French-Canadian Folk singer. Handicrafts organized by the Canadian Handicrafts Guild (Alberta Branch), Music and Folkdancing organized by the Canadian Pacific Railway.

N.B.—Those wishing to exhibit handicrafts should communicate with Mrs. J. J. Anderson, Secretary Alberta Branch, Canadian Handicrafts Guild, 16 March and Apts., Edmonton, or Palliser Hotel, Calgary, Alta.

THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1914)
June 26.—It is gratifying to know how faithfully the majority of our Pass people responded to the call from Hillcrest for help. When a call was made for twenty volunteers to enter the mine, forty men would respond. When it became known that the food was required and that the local supply had become exhausted, loads of bread, butter, milk, etc., were rushed in from every other camp. The residents of Blairmore sent in six hundred loaves of bread, while Coleman responded with a similar quantity.

Miss Jean Calkins, for some time past stenographer in the law office of L. H. Putnam, has resigned her position and leaves for Calgary tomorrow.

Judge Carpenter and four others have been appointed by the provincial government to investigate the cause of the Hillcrest disaster.

The marriage of Vincel Slopek to Christina Yenek took place at Frank on the 22nd, Rev. W. T. Young performing the ceremony.

The following message from King George was received by the governor-general at Ottawa: "I am grieved to hear through the press of the terrible disaster at Hillcrest coal mine, by which it is feared hundreds have lost their lives. Please express my deepest sympathy with the sufferers and also with the families of those who have perished."

The official figures of last Friday's disaster at Hillcrest are as follows: Went into mine 237, rescued alive 48, total dead 189. The Canadian government has forwarded \$50,000 as a portion of the fund to be used for relief of families of the victims. A cheque for \$2,000 has also been received from the city of Lethbridge, together with two full cartloads of provisions valued at upwards of \$1,000.

July 3.—Twelve hundred miners have been thrown out of employment through the closing down of the coal mines at Hosmer.

from the possibility of a surgical effort being able to recover same. Ice cream was served by Misses Royle and Lund. As the hour for dismissal approached, they all dressed. After

all had secured the right garments and ready to depart, each was handed a souvenir in the shape of a chocolate rooster and left, wondering where the next party would be. Through a pre-

SUN LIFE ASSURANCE COMPANY OF CANADA

A TOWER OF STRENGTH

1929	
New Assurances Paid for	654,451,000
An Increase of \$213,207,660	
Assurances in force (net)	\$2,401,237,000
An Increase of \$504,322,060	
Total Income (net)	172,857,000
An Increase of \$28,110,000	
Surplus earned during the Year	42,863,000
Payments to Policyholders and Beneficiaries	69,174,000
Surplus and Contingency Reserve	72,807,000
An Increase of \$5,869,000	
Total Liabilities	495,390,000
(Including Paid up Capital)	
Assets, at December 31st, 1929	568,197,000
An Increase of \$79,239,000	

NEW HEAD OFFICE BUILDING

Rate of Interest earned on mean invested assets 7.02%
The high rate of dividends allotted to participating policyholders is continued and the special dividend on maturing policies extended and increased.

EXTRACTS FROM DIRECTORS' REPORT

New policies built for numbered 161,391 for a net amount of \$5,541,142.77, an advance of \$113,206,752.36, or more than forty-eight per cent., over the previous year. This marked increase and the fact that the average policy, for the first time, cost \$1,000, afford impressive evidence of the ever-growing popularity of the Company.

After deducting amounts reassured, the total assurances in force amount to \$7,401,237,030.94, an increase of \$504,311,102.37. This advance is notable not merely for its magnitude, but because when allowance is made for terminations by death and maturity, it represents a remarkably high rate of continuing, or "living," evidence of great satisfaction on the part of our policyholders.

The amount paid to policyholders since organization, together with the amount at present held for their security or benefit, exceeds the total amount received from them in premiums by \$139,290,474.03.

The rate of interest earned on the mean invested assets has risen to 7.02 per cent. This figure includes a certain amount from bonuses and stock privileges accruing on many of the Company's holdings; but if these were entirely eliminated the rate would still be 6.60 per cent.

A net profit of \$13,077,284.62 was realized from the redemption or sale of securities.

The surplus earned during the year, based on the values entered in the accounts, amounted to \$42,863,578.59, but from the same substantial appropriations have as usual been made for further strengthening the position of the Company.

An additional \$10,000,000.00 has been deducted from the market values of our securities as a provision against possible market fluctuations, raising the amount thus set aside for this purpose in the accounts to \$23,657,000.00.

A further \$1,000,000.00 has been written off the Company's buildings.

\$911,000.00 has been appropriated to raise the annuity reserves to the Rutherford table of valuation, with interest at 3 1/2 per cent. This exacting standard requires reserve of \$2,656,000.00 in excess of those of the Dominion Government standard.

\$1,290,000.00 has been set aside as additional provision for claims arising from disability, death claims as yet unreported, and possible claims under cancelled policies in which a surrender value or reinstatement might be applied for.

\$27,606,265.67 has been paid or allotted as profits for the year to policyholders.

The special amount entered as a liability to provide for unforeseen contingencies has been maintained at \$12,800,000.00.

After making all these deductions and allocations, \$5,688,899.96 has been added to the undivided surplus, bringing the total over liabilities, contingency accounts and capital stock, to \$60,307,762.44.

In accordance with our usual conservative practice the securities owned by the Company have again been valued at figures much below the market quotations current at the close of the year. This undervaluation represents an important element of strength to the Company additional to the specific provisions in the statements.

Your Directors are pleased to announce that the high scale of profits at present allotted to participating policyholders will be continued during the ensuing year, while the Special Dividend on maturing policies, introduced last year, has been extended to include policies maturing after having been in force five years or longer and the scale of interest has been increased.

The business of the Company has always been conducted under the exacting provisions of the Canadian Insurance law and the rigid supervision of the Insurance Department of the Government of Canada. Ever since we entered the United States in 1895, the Company has been under similar supervision there and is now subject to the regulations of thirty-eight States of the Union which require periodical examination of the affairs of all companies licensed in their territory. In the discharge of their duties as a committee of twenty-two examiners, representing the States of Michigan, Massachusetts, Minnesota, Ohio, Tennessee, Washington, Virginia, West Virginia, Florida and the District of Columbia recently completed an exhaustive examination into every department of the Company's affairs. The report of this committee makes gratifying reference to the liberal treatment accorded to our policyholders, and provides authoritative testimony to the Company's strength. Even adopting the low valuations placed by us on our securities, the committee still reported a surplus at the close of last year of \$1,133,921.71 in excess of the figure claimed by the Company.

IN THE
EXPORT
TRADE
BY SHEER
EXCELLENCE

The Brewing Industry is an important factor in the industrial life of this Province.

It is hardly necessary to emphasize the millions of dollars which have been invested throughout Alberta in this Industry.

Hundreds of Albertans enjoy steady employment throughout the year in the brewing, storing, transporting, of the products of the five great modern breweries of Alberta.

Where beer by the glass is available, most men are satisfied to forego the full bottle of more potent liquor.

Alberta Brewery Products are served by the bottle or glass at hotels. Sold by the barrel or case from our warehouses.

Work Together For Prosperity

As a direct result of the partial crop failure experienced by the three prairie provinces last year, and the disastrous "break" in the stock markets which, although long predicted as inevitable, nevertheless caught thousands of people unawares and resulted in enormous losses to many, there developed a feeling of depression and uneasiness throughout Canada and the United States.

Coming in a year, during the first nine or ten months of which employment in Canada reached a higher peak than ever before in the history of the Dominion, with greater industrial activity, more development work done, and larger building programmes carried out, the country witnessed the paradox of a greater degree of unemployment when winter set in. Although seasonal, and therefore temporary in character, this situation added to the prevailing depression.

Finally, the world's wheat situation became the cause of deep anxiety and concern in Canada because of the fact that this Dominion is now the chief exporter of wheat among the countries of the world. Canada was not the only country which produced an abnormally large wheat crop in 1929, and when the Argentine crop was thrown on the market, it has to be taken into consideration that the Canadian crop was the largest. This necessitated either the holding of the Canadian crop, or selling it in competition with the Argentine at a price which would have yielded less than the actual cost of production. Wisely, the Wheat Pool and other Canadian exporters, supported by the banks, withheld their wheat from export until, and until, a fair price was obtainable. As a result transportation interests suffered for the time being, export trade declined, and some uneasiness developed because of the unprecedented situation.

For a time the croakers, pessimists and preachers of blue ruin had their sayings. And the more they talked, and bemoaned, the larger became the number of people inclined to shake their heads. Nevertheless, the economics of the situation were substantially sound. It was largely a "state of mind," a mental depression which afflicted many people.

If any one is inclined to challenge this statement, let him examine the situation more closely.

For example, the first day's showing of the new 1930 model by a well known manufacturer of automobiles in Canada and the United States brought in \$20,000,000 in orders.

Despite the degree of unemployment existing in Canada, it is less than in any other country, and the actual number of those employed is greater than in any previous year.

The Canadian National Railways have placed, or shortly will place, orders for new equipment and embark on a programme of extensions, involving larger expenditures than in past years.

The C.P.R. has just announced a programme of extensions, betterments, and purchase of new equipment for 1930 involving the expenditure of \$50,000,000.

All Western Governments are planning highway construction programmes in excess of anything attempted in any one year in the past.

Building programmes in the larger cities are in course of preparation which will equal, if not surpass, the high records of 1929, which out-distanced all former years.

There has not been a bank failure in Canada, all our large insurance and financial companies are sound, all our large industrial concerns are busy and prosperous, our mineral production increases in volume and value every year, the peace of the world never appeared more assured than at present.

Then what is there to worry about? Nothing. All the people have to do is to throw off their mental depression, and the fog will be lifted and dissipated.

Governments and Big Business are doing their share not only to keep the country busy and prosperous, but to speed up business and increase prosperity. It remains for the individual man and woman to do likewise. If each individual citizen does his or her share by tackling the particular piece of work close to their hands, 1930 will prove one of Canada's banner years.

Let every workman take a little keener interest in his job, throw a bit more energy into it, strive to perform somewhat better work, in a word, give the best possible value in work for the wages received, and the effect will be startling.

Let the farmer tackle his problem with renewed energy, and confidence will come. Every farm method improved, every vigorous onslaught on noxious weeds, every cow, pig or hen added to the farm, every little vegetable garden planted, will make for profit, contentment and progress.

New energy and enterprise by every merchant, the adoption of new and better methods, scrapping the old and making and introducing something new and better, will make for progress, greater turn-over, larger profits.

Let everybody work together for prosperity in 1930, and prosperity will be assured.

Latest Thing In Newspapers

"Loud Speaker" Is Name Of Bootleg Sheet, Published Secretly In Rome

The latest thing in Rome is a bootleg newspaper. It is a 16-page tabloid sheet published in secret and distributed through the underground alleys of the Holy City by underground methods. It is anonymous and its humorous name is "Loud Speaker." It is filled with attacks upon Mussolini and the fascist government, giving news and alleged news which no Italian press would dare print. The Romans are amused, the police puzzled. The dictator's fury can be imagined.

There is big money in Wall Street for anyone who knows how to play the market, and Beethoven's sonatas are on a par with any job you just happen to hit the right notes.

Completes Daring Flight

Calgary Aviator Succeeds In Two-Way Hop Across Rockies' Highest Peak

Back from a daring flight from Calgary to Vancouver across the highest peaks of the Canadian Rockies, Flying Officer W. L. Rutledge, Calgary aviator, brought his Curtiss-Robin monoplane to earth at the municipal airport. He was accompanied by Percy J. K. Payne, secretary-treasurer of Rutledge Air Service, Limited.

The flier quashed the belief that a forced landing in the mountains meant death. There were many places where a forced landing could be made and many others where landing fields could be built.

No longer need the mountains be barriers in the development of aviation between the prairies and coast cities, he said. An air mail and passenger service could be operated, he said, and the trip between the two cities made in four hours.

The time of the flight from Merritt, B.C., when the aviator was delayed for a few days because of bad weather, was three hours and five minutes, covering slightly over 300 miles.

WHY SUFFER FROM ANAEMIA

Health and Strength Can Be Obtained Through Purifying the Blood

Anaemia is the medical term for this watery blood. The sufferer loses strength; becomes pale; is seized with shortness of breath and heart palpitation after the slightest exertion. The least work becomes a burden and life does not seem worth living. Anaemia is not a disease, it is a condition which can be cured. It is a good blood tonic, one that will go right to the root of the trouble and drive all impurities from the system. Such a tonic is Dr. Williams' Pink Pills—that famous blood-builder and strength restorer.

Mrs. John Bain, Avenue Road, Toronto, Ont., for a number of years was in an anemic condition and on finding relief through Dr. Williams' Pink Pills, she wrote as follows: "For upwards of seven years I suffered from an anemic condition. I was so pale my friends feared consumption. A year ago I was so ill I spent five months in the hospital. I had a terrible numbness in my hands and pains in my feet and legs. I was seized with dizzy spells and my heart would palpitate violently. I was so weak I could give in two blood transfusions, but even these did not help me. Eventually I came home and the hospital discouraged. I could do nothing for myself—I was a burden. A friend who came to see me strongly recommended Dr. Williams' Pink Pills. As I was anxious to try anything that might help me, I procured a box and began taking them. It was some time before I noticed any change in my condition, but gradually I could see a slight improvement. My color became better; my sleep sounder; my appetite more keen and my numbness in my hands and limbs gradually left me. I persisted in the use of the Pills and they made me a new woman again. I am now able to do my own work and shopping and have gained over eighty pounds in weight. I feel perfectly safe in recommending these Pills to other sufferers."

What Dr. Williams' Pink Pills have done for Mrs. Bain they will do for other anemic men and women. They act directly on the blood and in this way banish such troubles as anaemia, heart palpitation, nervousness and general debility. They are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"If you spend so much time at golf you won't have anything laid aside for a rainy day."

"Won't I? My desk is loaded up with work that I've put aside for a rainy day."

Magistrate: Where were you born? Prisoner: Glasgow.

Magistrate: Were you brought up there? Prisoner: Yes, once or twice.

Pains Around Heart

Weak Spells Would Fall Over

Situation Is Altered

Canada Gets Bananas From West Indies Free Of Duty

Canadians consume a lot of bananas—approximately one bunch or stem to each three persons annually. We used to buy them second-hand from the United States. The Canada-West Indies trade agreement, passed in 1925 and proclaimed some time later, has greatly altered the situation. Jamaica has been doing a big business with this country in bananas, as well as other tropical fruit. Bananas from the British West Indies are duty-free, as against 50 cents a stem if imported from other countries.

Recipes For This Week

(By Betty Barclay)

SAVORY SPINACH SALAD

1 package lemon-flavored gelatin.
½ cup boiling water.
½ cup spinach juice or water.
3 tablespoons vinegar.
1 teaspoon salt.
1½ cups cooked spinach, chopped and drained.
½ tablespoon onion juice or grated onion.

Dissolve gelatin in boiling water. Add spinach juice, vinegar and salt. When slightly thickened add spinach and onion juice. Turn into mold. Chill until firm. Unmold on crisp lettuce. Garnish with mayonnaise and slices of hard-cooked eggs. Serves six.

ORANGE PIE FILLING

1 cup sugar.
½ cup flour.
½ teaspoon salt.
Grated rind 1 orange.
1 cup orange juice.
2 tablespoons butter.
3 egg yolks.
Mix sugar, flour, salt and grated rind; add fruit juice, and cook in double boiler ten minutes, stirring until thickened, and afterward, occasionally. Add butter and egg yolks beaten light; cook two minutes, and cool. Finish with lemon juice.

Children suffering from worms soon show the symptoms and any mother can detect the presence of these parasites by the writhings and fretting of the child. Until expelled and the system cleared of them, the child cannot regain its health. Miller's Worm Powders are prompt and efficient, not only for the eradication of worms, but also as a toner up for children that are run down in consequence.

Get Salary Boost

Nearly 1,000 Civil Servants Are To Get Wage Increase

Close to one thousand employees of the Dominion Government's income tax branch are gladdened by announcement of an increase in salary of \$120 a year, effective from April 1, when the new fiscal year will begin. They apply to the service from Halifax to Vancouver, or at least to those who have not already received such an advance.

Adding Insult To Injury

The gigantic truck had collided with a minute private car. "You fool" shouted the owner of the latter, jumping out and shaking a fist at the truck driver. "Do you mean to tell me that you couldn't see me coming on a straight road like this?"

The other smiled. "I'm sorry," he said. "It couldn't be helped. You see, I thought your car was a fly on my windshield."

It seems now that the only way to get rich quick is slowly.

Grandmother Knew — So Used Minard's.

Latest Discovery Is Weed-Killing Chemical

German Chemist Claims It Will Not Injure Canadian Soil

H. P. Stoldt, agricultural chemist of Germany, who has been experimenting with various chemicals on land near Yorkton, for the past three years, announces that he has at last discovered a preparation which will destroy weeds but at the same time is not injurious to Canadian soil. Slightly more than three years ago a preparation was discovered in Germany which destroyed many kinds of weeds and at the same time was not detrimental to the soil, and this preparation has been used with much success by German farmers since. It was found, however, that owing to the difference between the German and Canadian soils that the preparation was too strong, for besides killing the weeds it was very harmful, in its Yorkton tests, to the soil. Since that time Mr. Stoldt has been experimenting until at last he has discovered a preparation which he claims will kill sow thistle, pig weed, Canada thistle, quack grass and mustard, and at the same time will not injure the soil.

The preparation, which is known as weed-ex, is easily dissolved, is colorless, is non-poisonous and does not harm wood, iron or leather, and destroys the weed with the root.

Weed-ex can only be applied to the weeds in the growing season, while the weeds are young. It can be applied to a growing crop without hurting the grain. Many different kinds of sprayers can be obtained to spray the preparation. The smallest of which, known as the Distelot killer, weighs only eight pounds and can be used for destroying weeds amid the growing grain. Another hand-sprayer can also be obtained which will spray one acre per hour, while horse-drawn machines can be procured which Mr. Stoldt claims will spray one acre in thirteen minutes.

Lipton Buys Steam Yacht

Sir Thomas Lipton, perennial challenger for the America's cup, has purchased the British steam yacht, "Albion," of 1,346 tons, from Captain Loeffler, for use as his headquarters during the races for the famous sailing trophy which are scheduled to be held in United States waters seven months hence.

For Frost Bites and Chills. Chills come from undue exposure to slush and cold, and frost-bite from the icy winds of winter. In the treatment of either an excellent preparation is Dr. Thomas' Electric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

Inhabitants in ancient Pompeii were specialists in wall decoration, painting their plastered walls in red, fat tones and in decorative medallions.

Minard's—The Great White Liniment.

An eminent lawyer says: "As all lawyers know, law is the most perfect game of chance in the world, for anybody has an idea what the law is in the first place, or how a judge will apply it in the second, or thirdly, what the jury will do."

Cut Down Food Wastage

--- by covering all perishable goods with Para-Sani Heavy Waxed Paper. Para-Sani moisture-proof texture will keep them fresh until you are ready to use them.

chance to treat your throat, pulmonary cough, croup, bronchitis, catarrh, and nasal troubles with Tonsil and Throat Tonic. You can't lose, it's guaranteed. Try it. \$1.00 post paid. Accounts wanted. KITCHENER TONSILITIS CO., Kitchener, Ont.

REVISION OF THE CANADA GRAIN ACT COMPLETED

Ottawa, Ont.—The revision of the Canada Grain Act has been completed. While Hon. James Macleod, Minister of Trade and Commerce, will not make it public until introduced in Parliament, the main outline of the new legislation is known.

The revision was carried out by Mr. Macleod, E. B. Ramsay, chairman of the Board of Commissioners, and Col. G. M. Bigger, K.C., consulting counsel of the Federal Government. Every effort has been made to remove the new statute from constitutional jeopardy. The old act was supported by the claim that the Federal Government had power to enact it by reason of the authority conferred by Section 91 of the British North America Act. The particular clause of this section upon which the old act rested was "the regulation of trade and commerce." The new act will rest upon a firmer constitutional footing.

The act will begin with a series of definitions of the terms used in the subsequent sections and a provision covering the grain commission. Then follow the definitions of the various grades.

Of vital importance is the method by which the dealings in western grain may be regulated, such a way as to obviate any challenge as to the constitutionality of the act. This is done by basing it on heads of Federal legislative jurisdiction other than that of "the regulation of trade and commerce."

Those who framed the new act adopted a simple but what is regarded as an effective method of controlling elevators independently of any declaration that they are for the general advantage of Canada, by forbidding any railway company, or vessel from receiving or discharging grain from or into any elevator which had not obtained a license from the grain board.

This provision, however, forbids railway companies and vessels from carrying western grain out of western Canada, and, unless either the grain has been inspected and graded under the Canada Grain Act or the grain board's authority is exercised. This is the manner by which the new act proposes to get around the problem of validity or constitutionality.

As to the less important problems of the remaining clauses, namely, commission matters, track buyers and grain dealers, it has been found possible to place some reliance upon exclusive power of the Federal Parliament under the heading of "Weights and Measures" provided, it is pointed out, that that phrase is interpreted as authorizing legislation on the subject of standards generally. The new bill, however, does not pretend to regulate dealings in grain generally, but only dealings in grain by reference to the various grades as defined by the Grain Act.

Motherwell Much Improved In Health

Minister of Agriculture Will Take Seat When House Of Commons Opens

Ottawa.—Hon. W. R. Motherwell, Minister of Agriculture, will take his seat when the House opens, although not yet fully recovered from his recent serious illness.

He will not take over the full duties of his department for the time being, and may make a trip to the West Indies to further recuperate.

Toll Of White Plague

Quebec, Que.—Tuberculosis ranks first as a contributor to Quebec's death rate, according to the report of vital statistics, contained in the report of the provincial bureau of health for the year ended June 30, 1929. The "white plague" claimed 8,206 lives in the year under review, establishing a rate of 212.1 per 100,000 of population.

Will Make License Plates

Victoria.—A dozen convicts of Oakalla Jail, will be employed making motor license plates for the province and the saving to the Government will be approximately \$5,000, members of the public accounts committee of the British Columbia Legislature were told by Col. Don Martyn, industrial commissioner.

Conan Doyle Ill

London, England.—Suffering from overwork and attack of angina pectoris, Sir Arthur Conan Doyle, noted author, has been ordered by a heart specialist to take a complete rest for three months.

Under Exchange Plan

Rating Regarding University Students Innovation In Canada

Toronto, Ont.—An exchange system for university undergraduates in their third year has been announced by the National Federation of Canadian University Students.

This is an innovation in Canada and means that any bona fide student of a Canadian university who has completed two years of his or her course may by application, be allowed to pursue the third year of that course at another Canadian university, and may receive credit for the same from his alma mater. Moreover his tuition for that year will be free. This privilege is granted to federation scholars. Exchange is permitted only between different geographical divisions which are as follows: University of British Columbia, University of Alberta, Saskatchewan, and Manitoba. Universities of Ontario and Quebec and Universities of the Maritime provinces.

To Increase Production

Conference To Be Held To Devise Ways Of Speeding Up Production Of Bacon, Butter, Eggs and Cheese

Ottawa.—Invitations were forwarded today from the Dominion Department of Agriculture to the provincial ministers of agriculture, inviting them or their representatives to attend a conference in Ottawa on March 11 and 12. The object of the conference is to devise ways and means of increasing the production of bacon, butter, eggs and cheese. Representatives of co-operative societies and various livestock organizations will also be invited.

The letter which was sent out by J. H. Griedel, deputy minister of agriculture, points out that the volume of livestock products available for export is steadily decreasing.

It is in order to keep pace with increasing consumption and get hold of export trade that it's get-together conference has been arranged.

Flying Clubs Need Money

Amalgamation Would Solve Problem In Canada Outlets Of General MacBrien

Montreal, Que.—Out of 24 flying clubs in Canada today, 18 are in financial difficulties, and must get some more money from other sources if they are to continue. The remaining six, if they paid all their book debts, would also be behind. Major-General J. H. MacBrien, president of the Aviation League, told members of the Montreal Light Association that in offering a solution to the problem facing this new industry, General MacBrien suggested an amalgamation of all the flying clubs and small operating companies in Canada under the name of the National Flying Services of Canada, Limited, on the basis of a government subsidy.

J. M. G. Little, head of the British Government's department of overseas trade, expressed the view that considering the trade balance was continually weighed in favor of Canada, the first essential in such a scheme as Mr. Greenfield proposed would be to increase British exports. He was convinced the ability of Great Britain to supply the world's needs on reasonable terms would be materially improved in the near future and he derived much comfort he said from the projected Canadian transport improvement to bring Britain and Western Canada into closer commercial interests here.

He was referring to the Hudson Bay Railway and outlet.

Customs Clearings At The Pas

Second Only To Winnipeg According To January Figures

The Pas, Man.—Customs clearings in The Pas during January were second only to Winnipeg in the province, according to figures released by C. S. Crepuscul, local officer. The total of \$9,739.63 reached a new peak for January, and constituted the second largest figures for that month of any customs port in Manitoba.

The average volume of business passing through his office is about \$25,000 a month. The entire work is at present handled by the customs officer and his assistant, E. Gamache.

Efforts are now being made by board of trade officials to secure a federal building which would house both the post office and the customs department.

Canaries Lived Through Fire

Seven Thousand In Hold Of Ship Were Unharmed

New York, N.Y.—Far down in number four hold, flames to the right and left of them, a majority of 7,000 canaries lived through the fire that swept the North German Lloyd liner "Muenchen" here.

When the firemen penetrated the hold expecting to find the birds all dead, they were greeted by cheerful chirps. There was no indication on that the flames or smoke had reached the feathered passengers.

Plan Colleges For Firemen

New York.—Plans for firemen's "colleges" throughout the United States and Canada were outlined at an executive session of the International Association of Fire Chiefs, Winnipeg, Canada, which was held at the place for the annual meeting which opens next September 9.

Reward Is Offered

Want Information As To Whereabouts Of Missing White Russian Leader

Paris.—A reward of \$20,000 for information as to the whereabouts of General Alexander Paul Koutieff, the White Russian leader who disappeared from the street here more than two weeks ago, was offered today by the newspaper "Le Martin". The reward will be paid whether the general is found dead or alive, but the information must also permit identification of persons responsible for his disappearance.

UPHOLDS THE LEGITIMACY OF POOL METHODS

London, England.—What he called a "corrective to so much rot being talked by responsible people about the wheat market," was administered by Hon. Herbert Greenfield, Alberta's agent-general in London, at a luncheon of the Canadian Chamber of Commerce here.

Mr. Greenfield proposed a toast to Anglo-Canadian trade. Mr. Greenfield formerly was premier of Alberta, active in the Canadian farmers' movement, served on the Canadian council of agriculture, and was for some years vice-president of the United Farmers of Alberta.

After outlining the essential business nature of the Canadian Wheat Pool and the legitimacy of its methods, Mr. Greenfield reminded his hearers that without the protection of the pool, Canadian wheat would be dumped onto the market on the present crop year without a margin of profit, to the tune of a \$200,000,000 decrease in the buying power of the Canadian farm.

He had been speaking to a member of the pool recently, Mr. Greenfield continued. He had ascertained indications that the situation was clearing up. But any talk of bad feeling between the British buyer and the Canadian seller was sheer rubbish.

"It just doesn't exist," he said. Mr. Greenfield's solution for the development of imperial trade was to tackle the problem not as a political issue but by letting hard-headed and successful business men get together to hammer out their own scheme.

J. M. G. Little, head of the British Government's department of overseas trade, expressed the view that considering the trade balance was continually weighed in favor of Canada, the first essential in such a scheme as Mr. Greenfield proposed would be to increase British exports. He was convinced the ability of Great Britain to supply the world's needs on reasonable terms would be materially improved in the near future and he derived much comfort he said from the projected Canadian transport improvement to bring Britain and Western Canada into closer commercial interests here.

He was referring to the Hudson Bay Railway and outlet.

Featured in Ice Pageant

They are Miss Louise Bertram and Miss Gwyneth Osborne, who with twenty-two other girls from the Toronto Skating Club, all dressed in pretty and black costumes, will take part in the special program, "Dance Moderne," to be given in the Frontenac Winter Sports Club Ice Pageant, at Quebec, during February.

COMELY BRITISH ACTRESS

Margaret Bannerman, well-known to English and Canadian play-goers, who has been selected as "the prettiest woman on the British stage."

St. Goddard Made Best Time

But Finished Third In New England Handicap Dog Race

Laconia, N.H.—Roland Lombard, 18-year-old Raymond, Me., boy, won the 90-mile New England sled handicap dog race when he finished the 30-mile leg in 2 hours 43 minutes 25 seconds.

Emil St. Goddard, of The Pas, Man., scratch man, finished third under the handicapping, but he had the best actual time, for which he received the \$500 prize. St. Goddard covered to-day's 30-mile leg in 2 hours 27 minutes, 30 seconds, his poorest time for the three days. It gave him a three-day total of 7 hours 8 minutes. Georges Chevrolet made second best actual time. His actual time for the 90 miles was 7 hours 25 minutes. Earl Brydges, Cranberry Portage, Man., who under the handicapping finished well down on the list, had third best actual time.

Bill Given Third Reading

Agreement Ratifying Return Of Resources Passes Manitoba House

Winnipeg.—Record for quick passage was created in the legislature when the bill ratifying the agreement for transfer of the natural resources from Dominion to provincial control was given third reading.

The most far-reaching piece of legislation before the house, the bill emerged from the commonsense stage without amendment, and it was but the work of a moment for Hon. W. J. Major's motion of adoption to be carried unanimously.

The agreement with the Dominion Government was signed in Ottawa on December 14, last, and now requires only the sanction of the Federal Parliament to make it operative.

Soviet Office Raided

Munich, Germany.—Twenty policemen raided the office of the Soviet Trade Commissioner here, arrested the officials and seized documents and correspondence from the office files. The trade commissioner was later released. The correspondence was said to have concerned the proposed sale of explosives by the Soviet government to German firms.

Received In Good Faith

Canadian Press Regrets Publication Of Despatch Regarding Canadian Floor

Toronto.—On behalf of the Canadian Press, its general manager, J. F. B. Livesey, issued the following statement:

"On February 9, the Canadian Press sent out from Toronto a news despatch containing a statement that trucks, wagons and windows of the Lyons restaurants in London, England, displayed placards, 'We do not use Canadian flour.'"

The next day the London manager of the Canadian Press called the emphatic denial of Messrs. J. Lyons and Company, Limited, whose head office is in London, and this was at once circulated throughout the daily newspapers of Canada with the request that they publish it with an expression of regret for the original despatch.

"The original despatch was handed to the Canadian Press from a source it considered reliable and was carried in good faith. But the Canadian Press unreservedly accepts the denial of the Lyons Company, and now desires to express its sincere regrets and apology for the wrong unintentionally done to that company."

NAVAL DELEGATES STRIVE TO REACH SOME AGREEMENT

London, England.—Moving slowly, like a big ship passing through a foggy channel, the naval conference is progressing. The "big five" have now got to the stage where they are putting down the total figures of their naval needs—the round figures in hundreds of thousands of tons of the total naval requirements of their countries.

In full committee of the whole, the delegates discussed the report of the experts; a report which attempts to find a common agreement between the old rival ways of measuring and limiting naval armaments, one by lump tonnage for a whole navy, the other by limits of tonnage for each class of vessel, and the committee decided to forward this report on to the heads of the five delegations.

In its classification plan, the experts' report follows gun power as well as by tonnage of the respective type of ship. Japan agreed. The United States also agreed so far as the main categories are concerned. But the United States did not favor the subdivision between 6-inch gun and 8-inch gun cruisers. France reserved its opinion. Italy preferred the general principle of global-lump tonnage.

The United States also re-asserted her old position against fixing maximum and minimum sizes for cruisers carrying 6-inch guns. The old difference was still there, between the United States' liking for 10,000-ton cruisers carrying 6-inch guns, and the British need for a larger number of smaller cruisers with 6-inch guns.

Such reports of the remainder of the discussions on are available, indicate it was highly technical, with a division of opinion over the clause permitting a transfer of 10 per cent of the tonnage of one class into another class.

Rt. Hon. A. V. Alexander, first lord of the admiralty, told quest news in the House of Commons that there was no question of Great Britain scrapping any of her latest battleships.

Premier Ramsay MacDonald also told a questioner later that no proposal had been made at the naval conference by any foreign delegate that would entail the scrapping of battleships of the "Queen Elizabeth" or "Royal Sovereign" classes. The premier's reply was:

"The answer to the question is decidedly in the negative."

The questions were prompted chiefly by reports that the United States instead of asking for scrapping of certain British battleships on an age basis would ask that vessels of the "Queen Elizabeth" or "Royal Sovereign" class be scrapped in order to bring the United States and British battle fleets on an equal basis.

In response to other questions the first lord of the admiralty said the number of 600-tonners as necessary for the British Empire had been arrived at after a full investigation and that this number would meet all requirements for the period of the agreement which it was hoped would result from the London naval conference. The number he added was subject to successful outcome of the conference.

The United States delegation announced previously that no proposal regarding neutralization of the Philippines had come to the attention of the United States representatives.

TO INAUGURATE AIR MAIL SERVICE ON MARCH THIRD

Ottawa.—Air mail service in the prairies will be inaugurated on March 3, Hon. P. J. Veniot, postmaster-general, announced recently.

The main line of the service will connect Winnipeg, Regina, Moose Jaw, Medicine Hat and Calgary. Another route running between Edmonton, North Battleford and Saskatoon goes into operation on the same date. The post office department has been working for months in co-operation with the flying officials in preparation for the new service. Despite severe weather conditions which made it awkward to lay cables for lighting equipment on land and fields, details are stated to be practically complete.

A mail plane will leave Winnipeg at 9 p.m., according to the tentative schedule, and will reach Calgary at 5 a.m. The eastbound plane will leave Calgary shortly after the arrival of the plane at 1.10 a.m., and will arrive in Winnipeg before noon. Other details of the schedule have yet to be settled.

With the new service in operation, a saving of 24 hours will be effected in the carriage of mail between Winnipeg and the Pacific Coast. Mail reaching Calgary by air will be in time to go aboard the train which had left Winnipeg the previous day. Eastbound mail will be correspondingly expedited as will mail between Winnipeg and Edmonton.

Mr. Veniot had no announcement to make as to whether the projected service linking Winnipeg with eastern Canada routes might be expected to start. It was stated, however, that every effort is being made to conquer difficulties in what will be the final link of the trans-Canada air mail lines.

For Benefit Of Teachers

Manitoba Will Fall In Line With Other Provinces In Providing Superannuation Fund

Winnipeg.—Manitoba will fall in line with other provinces in providing a superannuation fund for school teachers. The plan, it was disclosed to the legislature by Hon. R. A. Hoey, Minister of Education, is a bill providing for the scheme would be brought up at the present session, he said, but was not prepared to give out details.

Mr. Hoey made this announcement in committee while the budget estimates for the Department of Education were under consideration. He said that unless that action was taken, Manitoba would soon be in the unenviable position of being the only Province in Canada without a plan whereby teachers can be paid from a superannuation fund when they retire after years of service. Estimates totalling \$5,314,675.07 for education were passed in committee.

Observe Lincoln's Birthday

New York.—With ceremony and oratory the people of the United States paid tribute to the memory of Abraham Lincoln on February 12, the anniversary of his birth. The observance centred at Springfield, Illinois, where he is buried, and at Chicago, where he was nominated for the presidency. A general holiday closed banks and markets.

Will Attend Celebration

Montreal.—His Excellency Lord Willington has accepted an invitation to attend the golden jubilee celebration of the founding of the McGill Union Debating Society to be held on March 21. He will be given an honorary membership in the society, according to an announcement at the university recently.

Would Cut Imports

Berlin.—The cabinet has drafted a bill intended to decrease wheat imports into Germany. It provides that bread, in which an increasing quantity of wheat has been used lately, must be blended with rye to the extent of 90 per cent.

Expect Report On Line

Ottawa, Ont.—The report to the government on the short line from Winnipeg to Hudson Bay will probably be ready for the opening of parliament this session, it was learned at the railways and canal department.

To Honor Marshal Foch

London, England.—Plans to erect a statue in London to Marshal Foch are now in progress. A committee under the direction of Lord Derby, president of the United Associations of Great Britain and France, is handling the project.

"WELCOME DANGER"

Gripping mystery! Hair-raising thrills! Thrilling love! A mirthful, joyful, fast moving comedy that will furnish all the laugh-excitement you need. Lloyd delves into the den of Tomland for his thrills in "Welcome Danger." Surprising events keep the chills chasing one another up your spine even while you're convulsed with laughter at the rib-tickling antics of the vinifol laugh-crasser.

Eighteen months in the making—

The new watch bracelet beautifully designed, graceful, light, of remarkable strength and with liberal expansion.

S. Irons
DIAMOND MERCHANT
BLAIRMORE, ALTA.

"Welcome Danger" is hailed as the supreme achievement of Harold Lloyd. When Lloyd's voice is heard on the screen in the swift-moving comedy dialog, you have the whole laughing Lloyd to entertain you. Smart, fast repartee gives a new zest and spirit to his ever delightful action.

Lovely Barbara Kent has the leading feminine role, opposite Harold Lloyd. She was the lovely heroine of "Flesh and the Devil." The cast includes names which are synonyms for joyful, fun-loving entertainment. Noah Young as the blundering cop; Charles Middleton who won universal praise in "The Trial of Mary Dugan"; William Walling in the role of a jovial police captain. True-to-life characterizations; gorgeous oriental settings, and master sound scenes in the great outdoors are features of this great production. You're sure to love "Welcome Danger." See it at the Orpheum Thursday, Friday and Saturday. Two shows on Saturday, first show commencing at 7 o'clock sharp.

The annual Studebaker bonspiel of the Blairmore Curling Club is set to take place on Wednesday of next week, February 26th. This spiel is open to rinks from Coleman to Pincher Creek, inclusive, and skips intending to enter rinks are urged to notify Mr. E. A. Harper, secretary of the local club, as soon as possible.

Local and General Items

To all the world: "Wanted," a hockey referee that will please Lethbridge fans."

Mr. Shulman, travelling passenger agent of the C.P.R., was in The Pass during the week.

At the provincial Rebekah Assembly at Calgary on Tuesday, Mrs. Murray Saunders was elected president.

EYES EXAMINED—At Blairmore Pharmacy on Saturday, March 1st. B. J. ANDERSON, B.Sc., in attendance. —Feb 20-27

Mr. A. McTeer, provincial manager of the Sun Life Assurance Company, was in town from Calgary on Tuesday.

Mr. A. Greig, manager of McLaren Lumber Company, Ltd., returned last week end from a business visit to Toronto.

Herman Ravinsky, sentenced to hang on Wednesday of this week at Regina for the murder of David Katz, a Toronto bond salesman, has been reprieved till March 11th.

P. M. Christophers, M.L.A., has decided to move from Blairmore to Edmonton, where he and family will in future reside. They contemplate leaving Blairmore about March 1st.

At the recent convention of South Alberta School Trustees, W. H. Chappell, chairman of the Blairmore Board of School Trustees, was chosen member of the executive, representing town districts.

The marriage took place at Calgary on Tuesday of last week of Miss Anna Kemmis, daughter of Mr. and Mrs. John Kemmis, of Calgary and Pincher Creek, to Captain George Pinder of Edmonton.

Twins arrived at the home of Mr. and Mrs. Tom J. Williams last week, but only on a brief visit. They hail from the home of Mr. and Mrs. A. J. Pitt and were driven out temporarily on account of a surprise visit of the same old stock.

"Hot Stuff," new First National Vitaphone talking collegiate picture starring Alice White and featuring Louise Fazenda, which opens Monday at Cole's Theatre, Bellevue, is taken from the novel "The Bluffers" by Robert S. Carr and deals with life in a junior college.

"Wise Girls," amusing small town comedy, made such a hit on the stage, where it was presented under the title of "Kempy," that it played fifty-three weeks in New York, and over three years in New York, Philadelphia and Boston. It is now a Metro-Goldwyn-Mayer talking picture, and comes to Cole's Theatre, Bellevue, tonight, Friday and Saturday.

Word has reached Fernie that the appropriation of \$5,000 has been received from the B.C. public works department, to be applied immediately upon the widening of the main Red Trail highway at Crow's Nest. Preparations are being made to put in a camp immediately at the summit, and it is understood that about twenty-five men will be employed. Completion of this road was promised last fall. It is being speeded now as part of the relief work asked for by the unemployed.

TEA and SALE

of
Home Cooking, Candy, Etc.

in the

MOOSE HALL

Saturday, February 22
from 3 to 6 p.m.

Under Auspices Philomath Group, United Church

Mr. Bremner, public schools inspector, is in town today.

Two small residences were destroyed by fire at Bellevue on Thursday night last.

The local lodge of Women of Moosehead Legion will hold a whist drive and dance in the Moose hall on Thursday night next.

C. F. Sedgwick, of Nelson, stopped off for a day in Blairmore last week, returning from a business visit to Calgary.

Fred Stokes, a former citizen of Coleman, has returned to accept a position as engineer with the International Coal & Coke Co.

We learn that Rev. A. D. Currie, who has been in poor health for some time, has suffered another relapse at his home in Coleman.

The girls of the Philomath Group, United Church, will hold a tea and sale of home cooking, candy, etc., in the Moose hall on Saturday from 3 to 6 p.m.

Friends have been sorry to learn that owing to ill health Mrs. W. K. Hyslop has found it necessary to go to a lower altitude. She left on Saturday last for Vancouver, where she will be the guest of her aunt and uncle. —Pincher Creek Echo.

As a result of the heavy winds the early part of the week, the telephone service through this district was practically demoralized. East of Blairmore to Bellevue, upwards of twenty poles were upset or thrown out of plumb. At Bellevue, considerable damage was done to buildings, the coal company's washhouse suffering complete loss of the roof, and a number of other buildings damaged.

Radio lessons will be broadcast every Monday evening from 6:30 to 6:45 from station CKLC, Red Deer, by Stanford R. Espedal, physical instructor at the Olds agricultural school and author of "Healthobatics," on health, athletics and character building for the young folks. Programme will include setting-up exercises, aerobatics, muscle-building, tricks of suppleness and balance, posture and carriage.

Replying to certain groundless assertions made by a Lethbridge cleric, Detective Syd. Wallis states: "I am a total abstainer from intoxicating liquors and have lived in Lethbridge for 25 years. I have seen it in the wet days, also during prohibition days, and now beer by the glass, and I think that we now have the best act to control liquor that was ever put on the statutes. My motto is: If I don't want any drink, why should I begrudge the other person from having his or her liquor? If American youths want to get intoxicated, they don't have to come to Canada—they have plenty of it in their own country."

CHEVROLET

Blairmore's Largest Selling Automobile

NO OTHER CAR CAN COMPARE WITH THE NEW CHEVROLET FOR COMFORT, STYLE AND ECONOMY

READ THIS:

The Chevrolet Motor Co.,
1775 Broadway,
New York City, N.Y.

Gentlemen:

You will undoubtedly be interested in the results we are getting with the new Chevrolet six-cylinder cars. Here is a table showing our cost per mile since 1926, with Chevrolet Cars:

1926-29 Chevrolets in use; cost per mile, \$4.065.
1927-29 Chevrolets in use; cost per mile, \$4.045.
1928-29 Chevrolets in use; cost per mile, \$4.045.
1929-30 Chevrolet cars; cost per mile, \$4.011.

In 1929 half of our record was made with the new six-cylinder car and the total mileage of the 80 Chevrolets was 1,267,493 miles. Included in our fleet were 38 six-cylinder Sedan Deliveries, and the average cost per mile for these cars was only \$3.038.

From this experience with your six-cylinder models we believe that we are going to get even more economical operation with the Six than we did with the Four.

Our records are taken from our travellers' expense sheets and our expenses include 50% yearly depreciation, \$100,000 liability, and \$1,000 property damage per car. These costs also include garage charges at home as well as on the road, gasoline, repairs, oil, and, in fact, everything that could be properly charged against automobile operating costs.

The report of cars used by our Chicago office is substantially similar to our own.

Yours very truly,
THE DE LAVAL SEPARATOR COMPANY,
(Sgd.) H. L. Bassett, Manager, Automobile Department.
